

Date: November 25, 2015

To: Plan Holders

From: Andrew Legg P.E.
Water Resources Engineer

Subject: Little Eagle Bay Ravine Improvements – **ADDENDUM #1**

Enclosed herewith please find one (1) copy of Addendum No.1 for the City of Burlington, Little Eagle Bay Ravine Improvements, plans and specifications.

This Addendum No. 1 forms a part of the Contract Documents and modifies the original specifications and drawings dated October 2015 (Revised November 2, 2015).

Acknowledge receipt of this Addendum in the space provided on the Bid Document. Failure to do so may subject the Bidder to disqualification. Please incorporate this information into your Contract Documents as appropriate.

If you have any questions, please feel free to contact me at alegg@burlingtonvt.gov or (802) 556-1298.

**City of Burlington
Little Eagle Bay Ravine Improvements**

ADDENDUM NO. 1
(November 25, 2015)

DRAWINGS

Drawing 1 – General Construction Notes

1. Note 5.B. **Delete** “Test pits shall be excavated at least two (2) weeks prior to construction so that design revisions may be made if required” and **Replace** with “Test pits shall be excavated and adequate time allowed so that design revisions may be made if required”.
2. Note 7.D. **Delete** “The cost of restoration shall be included in the appropriate bid item” and **Replace** with “The cost of restoration shall be at the contractors expense.”
3. Note 7.E. **Add** “The contractor shall make any adjustments to the construction site limit demarcation that may be necessary.”
4. Note 7.F. **Delete** “The location of contractor employee parking, equipment parking, and portable toilet shall be approved by the landowner. Offsite parking for employees’ private vehicles may be required” and **Replace** with “All contractor employees shall park off site. Equipment parking and portable toilet sites shall be approved by the landowner and be located within the construction site limit demarcations. “

CLARIFICATIONS / ADDITIONAL INFORMATION

1. Attached is the Pre-Bid Meeting Sign-In Form.
2. Response to Pre-Bid Questions:

Question: Are test pits required 14 days prior to construction?

Response: No

Question: Are there any additional permits required for the construction?

Response: A City of Burlington Erosion Prevention & Sediment Control Permit is required prior to the start of construction. The application was provided in the Appendix of the Construction Documents.

Question: Are tree stumps to be removed?

Response: No, unless required for construction of x-sections or structures. Stumps on slopes shall remain.
